

3-442-R001

Working protection kit**For decomposed SF₆ gas (with neutralisation)**

After arc quenching in the circuit breaker solid or gaseous decomposition products are generated, the operators have to be protected from effectively. This kit offers effective protection of the staff against toxic decomposition products.

**Technical data**

Dimensions (W x H x D)	465 x 485 x 915 mm with aluminium trolley
Weight	28 kg with contents

Composition

05-0452-R008	Aluminium trolley
3-442-02	Disposable overall *
3-442-03	Disposable overshoes *
05-0453-R101	Breathing half mask *
05-0453-R111	Protective goggles *
3-442-31	Gas and particle filter and filter cover for breathing half mask *
3-442-32	Valves (breathe in and out) for half breathing mask *
3-442-06	Safety gloves *
3-442-07	Gloves made of cotton stockinet *
05-0442-R001	Plastic barrel *
05-0594-R001	Refuse sacks 120 liters *
05-0595-R001	Sucking and wiping cloths *
05-0443-R001	Sodium carbonate *
05-0285-R005	Vessel for solvent *
3-442-17	Spoon *
05-0780-R001	Indicator paper *
05-1612-R001	Safety helmet EN 397, orange

Packaging

3-748-R025-C	Packing for 3-442-R001
--------------	------------------------

Note

For removal of solid decomposition products please use the dry vacuum cleaner!

*spare material
