

K040R01

Gauge Tee piece

Indication unit in bar, kPa, psi

Indication range: -1 - to 15 bar / -100 - 1,500 kPa / -14,5 to 220 psi

For pressure control of SF₆ gas

This gauge is provided as connection between switchgear and service cart, particularly as completion for the Piccolo Series. As the gauge is equipped with two connecting couplings on both ends it can be connected easily.

Standard version

- DILLO coupling tongue part DN20
- DILLO coupling groove part DN20
- Gauge NG 100

Technical data

Dimensions (W x H x D)	60 x 182 x 140 mm
------------------------	-------------------

Note

Note: Other pressure ranges and nominal lengths are available on request.
